## WHAT ARE THE AIMS OF THE CONFERENCE?

The conference unites business leaders and technical experts within the machine vision industry from Europe and around the world to present and discuss the trends and challenges of our business. It provides a unique platform in Europe for networking, establishing contacts and exchanging ideas. The annual EMVA Business Conference sets the course for developing and strengthening our industry in Europe.

## WHO SHOULD ATTEND?

Professionals, executives, experts and analysts of the machine vision industry. Meet CEOs, managing directors, corporate strategists, marketing directors, technical managers and other executives of our business to exchange market intelligence and news of innovative technologies.

## ABOUT EMVA

Founded in May 2003 in Barcelona, the European Machine Vision Association is an industry-driven networking framework, providing a constant source of exchange, information and inspiration. At present 100+ companies, 4-5 national machine vision associations and several scientific organizations are members – representing more than 20 countries. All EMVA activities and projects aim at boosting the development of the machine vision industry in a bigger, united Europe: statistics and market data, standardization, trade fairs, international marketing, public relations, research and networking events.
