

# PROGRAMME

First European conference for  
product developers and embedded vision users

# 12.-13.10. 2017

International Congresscenter Stuttgart, Germany

## THURSDAY, OCTOBER 12

- 12:00 Registration and Networking
- 13:00 Opening & Keynote Speech
- 14:45 PRESENTATION BLOCK 1 - Embedded Vision Processors:  
from heterogeneous processors via FPGAs and  
DSPs to vision-specific processors
- 16:45 PRESENTATION BLOCK 2 - Embedded Image Sensors:  
miniaturized image sensors, computational imaging,  
developments in spectral imaging and in 3D
- 17:45 Technology Showcase & Networking Happy Hour

## FRIDAY, OCTOBER 13

- 08:00 Technology Showcase & Networking
- 08:30 PRESENTATION BLOCK 3 - Software Development:  
embedded vision, software trends, software tools  
and libraries
- 11:15 PRESENTATION BLOCK 4:  
standards for embedded vision, embedded vision  
applications, closing keynote
- 12:45 Technology Showcase & Networking Lunch
