### GenICam Chair and Vice-Chairs reelected

*Dr. Fritz Dierks remains Chairman of GenICam standardization group*

*Barcelona/Suzhou (China), 08 April, 2019.* During the meeting of the GenICam Standard Group end of March in Suzhou/China the Chair and Vice-Chairs were elected for another regular three year period. The previous incumbents were unanimously re-elected. Dr. Fritz Dierks (Basler) remains Chairman of the GenICam Standard Group and is assisted by the three Vice-Chairmen Rupert Stelz (STEMMER IMAGING), Stéphane Maurice (Matrox Imaging) and Christoph Zierl (MVTec Software).

The GenICam standard is hosted by the European Machine Vision Association (EMVA). More about GenICam can be found here <https://www.emva.org/standards-technology/genicam/>.

**About EMVA:**

Founded in May 2003 in Barcelona, the European Machine Vision Association currently has about 120+ members representing more than 20 nations. Its aim is to promote the development and use of machine vision technology and to support the interests of its members - machine vision companies, research institutions and national machine vision associations. The main fields of work of EMVA are: standardization, statistics, the annual EMVA Business Conference and other networking events, European research funding, public relations and marketing. To find out more visit the web site [www.emva.org](http://www.emva.org).
